Clinical Experience

Sunnybrook Health Sciences Centre, Veterans Centre

Jan 2025 - Apr 2025

Consolidation Nursing Student - Long Term Care

- Provided holistic care to patients under RPN supervision, assisting with ADLs like bathing, toileting, feeding, grooming, and mobility support
- Supported patients with chronic conditions like dementia, diabetes, and COPD through close monitoring and tailored interventions
- Performed sterile and non-sterile wound care such as packing, dressing changes, and assessment of wound healing
- Facilitated rehabilitation and pain management for patients recovering from surgical procedures

Sunnybrook Health Sciences Centre

Sep 2024 - Dec 2024

Nursing Student - General Medicine and Renal

- Performed and documented comprehensive head-to-toe and focused assessments, monitoring neurological and physical status changes
- Demonstrated competency in safe medication administration via oral, topical, rectal, and intravenous routes while adhering to the ten rights of medication administration safety
- Accurately documented patient care activities, vital signs, and nursing observations using paper charting systems
- Collaborated with RNs, RPNs, and physicians to ensure safe, coordinated care

Sunnybrook Health Sciences Centre, Veterans Centre

Jan 2024 - Apr 2024

Nursing Student - Complex Continuing Care

- Adhered to strict infection prevention protocols, particularly with patients in isolation
- Assisted with repositioning, pressure injury prevention, and restorative rehab for non-ambulatory patients
- Provided therapeutic communication, de-escalation, and emotional support for patients with cognitive decline or mood disorders
- Monitored and documented vital signs, blood glucose levels, and fluid intake/output while identifying abnormal findings
